

Snap it.

Load it.

Win it!

SyscoWorkday.com

The launch of Workday HCM for USBL, Corporate and SBS is almost upon us. As the first group to be introduced to Workday, we want the launch to be exciting and drive all associates to login to Workday in the month of November. Early adoption will have a direct impact on our business, and how we operate as an HR function in the years ahead. Now it's time to get your associates into the habit of using Workday to stay connected with the company.

To encourage associates to logon, we will hold the **Snap it. Load it. Win it! Challenge** from October 29 – November 30. To learn more about the details of the challenge, go to SyscoWorkday.com

This box includes the materials you will need to promote the challenge:

- **Challenge Flyers** – Distribute these to associates starting October 29. Any associate that begins work during the challenge period should also receive a copy of the challenge flyer.
- **Static Clingz Posters** – Starting October 29, post the clingz in areas with high visibility to drive traffic to the pop-up banners.

In a **separate shipment**, you will receive:

- **Pop-up banners** – Will give associates a solid background for pictures for their profile set up. To support the challenge, these banners should be placed **beginning 10/29** in highly visible locations that have space for associates to congregate, such as break rooms and common areas. **Beginning December 1**, please move Snap It. (blue) and Load It. (orange) banners to the area where new hire orientation is conducted, so new associates can take a photo to upload to their Workday Personal Information profile.

Please do not discard the banner stand for the Win It. (green) banner. The stand is reusable. You can order replacement banners for any occasion through the vendor website at <https://www.postupstand.com/all-products/graphic-replacements/banner-stands/wide-base-banner-stand-poster-only.html>.

The top three OpCos with the highest percentage of completed associate profiles by November 30 will win an associate appreciation event. We encourage you to use these tools and to be creative in encouraging associates to participate in the challenge.
