

# WORKDAY

## is HERE!

Learn more about what's happening on January 27.

# On Jan. 27 we're moving to Workday.

## Workday will allow you to stay connected—and it's easy to use.

Workday is perfect for associates constantly on the move. You can use it from your computer (at home or at work), but it is really best used on a smartphone or tablet. You'll use Workday to update your personal contact information and manage certain pay-related details, such as your direct deposit.

### From a Sysco desktop or laptop:

Just go to The Dish! No separate login is required.

### From your personal desktop or laptop:

Go to [SyscoWorkday.com](https://SyscoWorkday.com) and click the **Join Workday** button. Follow the instructions and direct link to Workday. You will log in with your Network ID and password. Your Network ID is listed below.

Your Network ID is: **PLACEHOLDER**

If you need a password reset you can do that online at <https://passwordreset.sysco.com> or by calling the Sysco Service Desk at **1-866-981-1190**.

If you're using a smartphone or tablet, download the Workday app available on the Apple App Store or on Google Play.

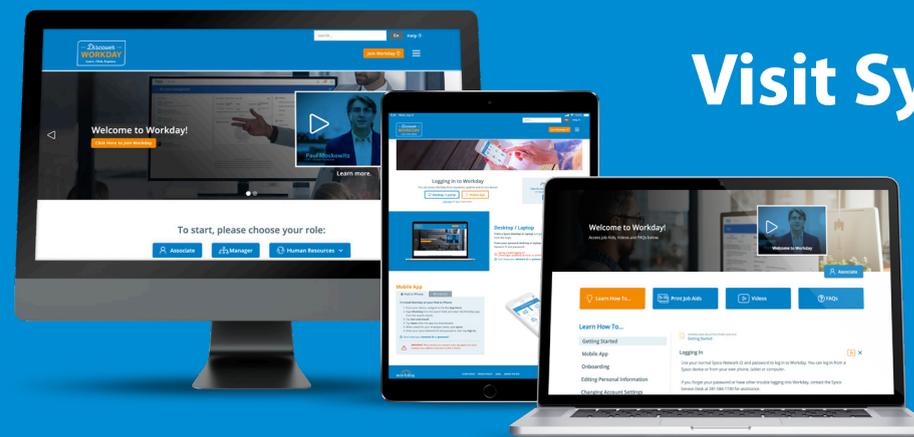

Access a step-by-step login guide:

Find the Workday banners in your location. Pick a backdrop and snap a picture for your profile. If you already have a selfie on your phone, you can use that, too.

Go to [SyscoWorkday.com](https://SyscoWorkday.com) and select **Join Workday**. Upload your photo and review your personal contact information. Make sure it's correct or make changes if needed.

# Visit [SyscoWorkday.com](https://SyscoWorkday.com)

[SyscoWorkday.com](https://SyscoWorkday.com) is your one-stop shop for more information and tools like step-by-step instructions and videos!
