System Outage

As we prepare for new features to be added to Workday, the system will not be available from 5:00 p.m. CT on Jan. 23 to Jan. 27 when the new system goes live.

Next week, we're making it even easier to manage your career at Sysco. From Workday, you will be able to search job postings across Sysco's U.S. businesses. When you want to apply for a job, Workday will pull information from your Workday Profile to complete parts of the application for you.

TODAY

What can I use Workday for today?

You can:

- Change personal data like your contact information, emergency contacts, photos, etc.
- Request time off, if you're a salaried associate
- Update pay-related details like direct deposit or tax withholding information

JAN. 27

What is new in Workday?

Starting Jan. 27, you can:

- View job postings across Sysco in the U.S.
- Apply for open jobs using information from your job profile
- Set alerts for jobs matching your search preferences
- Refer someone you know to a job

Review Your Information

Sysco introduced Workday in October of 2018. When was the last time you reviewed your personal information? Go to SyscoWorkday.com to link to Workday and use your Network ID and password to log in. If you've forgotten your network ID or password, click [here](#) for more instructions.
